

Q175

Property \leftarrow has \leftarrow object
or not

Prototype chaining eg \hookrightarrow has own Property \hookrightarrow To check \rightarrow whether

\hookrightarrow Instantiation \hookrightarrow describe \hookrightarrow creation of object.
(In Js)

Tu	We	Th	Fr	Sa
	1	2	3	4
7	8	9	10	11
14	15	16	17	18
21	22	23	24	25
28	29	30	31	

Eg. r

Tuesday

Class & Person's
Prototype

As `getFullName` not in object \rightarrow Because added to

Method went to through Prototype chaining

Class
Method
method in its prototype \rightarrow which went to instance (person object) through

```

12 function Person (first, last, age) {
1   this.first = first;
     this.last = last;
2   } this.age = age;

```

```

Person.prototype.getFullName = function() {
3   return this.first + " " + this.last;
}

```

```

4 var person = new Person("Mithal", "Raj", 34);

```

```

console.log(person.hasOwnProperty("first"));

```

```

console.log(person.hasOwnProperty("getFullName"));

```

```

console.log(person.getFullName());

```
